

BRATSK SOFTWOOD PLYWOOD

FROM GLOBAL PANEL PRODUCTS LTD

ABOUT US

Trading both in the UK and internationally since 1998, the GPP team combines over 90 years' experience in the timber and panel products industry.

We have strong industry knowledge and experience of working with overseas suppliers, shipping lines and logistic companies. This means we can safely ship our clients requirements either by containers to the UK and major international ports, or by trucks to their warehouses.

Superior Construction

2440 x 1220mm

CE2+ and EN13986

Available in square edge & TG2 for flooring

Bratsk coniferous softwood plywood is manufactured under a sustainable forestry programme and with an FSC® certification. It is available in Angara Pine and constructed to produce a lightweight, versatile panel combining both strength and rigidity.

Please contact us for our current stock and price lists.
